COMP 314 Homework Assignment F

- Exercise 7.8 (20 points): **Revised version.** *This question, and Exercise 7.8B below, will be incorporated as part of your WiD (Writing in the Discipline) portfolio.*

    1. Carefully examine and fully understand the feedback from the instructor for your previous attempt at this question in homework assignment D.

    2. Write a revised version of your solution taking account of the instructor's feedback. Do not use any AI assistance or external help for this step. Note: If you received 100% on your previous attempt in assignment D, skip this step and move on to step 3.

    3. Use an AI assistant to further improve your solution. Make a note of any suggestions from the assistant, as you will need these for Exercise 7.8B below.

    4. Re-create your solution on your own without referring to any notes or AI suggestions. Repeat this step until you can produce a perfect solution without consulting your notes.

    5. As your solution to this question, submit your final version

- Exercise 7.8B (10 points): **Supplemental explanation.** Write a few sentences describing what improvements you incorporated based on AI suggestions in the previous exercise. Feel free to discuss other aspects of your AI usage. For example, did the AI suggest improvements that you decided not to adopt?
